# JT Fibre opens up a whole new world of possibilities

JT can offer world leading technology to Jersey and your business. Fibre broadband supports Island businesses of all sizes by ensuring that all the services JT provide are future proof and ready for any possible enhancements in telecommunications and technology.

In today's fast-paced business world it's essential to be able to run all online business critical applications reliably. Effective communication with colleagues, customers and suppliers is key to success. Businesses with fibre connections will be able to expand their computing power on demand at a moment's notice.

JT Fibre for Business will revolutionise the way you use the Internet, providing new opportunities for your business to improve and expand. Whether you're a home worker, small business or more established company, it will provide connectivity that is cost-effective and dependable to enhance your business's performance.

Experience tomorrow's world today.

## Does YOUR BUSINESS need FIBRE broadband?

The short answer is yes. JT Fibre for Business will give your business the competitive advantage you need.

### 1. SPEED

Of course the first advantage of JT Fibre for Business is being able to do much more, much faster. Will happen in seconds, meaning no more wasted time waiting for that important file to upload or download.

### 2. RELIABILITY

As businesses rely more and more on always being connected, we know that any downtime caused by technology can cause bottlenecks in your working day. JT Fibre provides the reliable and trusted connection your business needs in order to stay productive and efficient.

### 3. SUPPORT

All our JT Fibre for Business plans come with a support service which gives you access to a 24/7 fault reporting service. We have experience of all sizes and types of business and can offer a support service that suits your individual needs.

#### 4. POTENTIAL

From better data storage to accessible video conferencing, JT Fibre for Business is perfectly equipped to take your business to the next level. Combining a fast, reliable connection with custom-built applications, JT Fibre for Business could be the boost you need to unlock your company's potential.

JT Fibre for business will help you run your business more efficiently, keeping you connected every step of the way.

# HYPER-FAST fibre broadband at your fingertips

If you want to experience what fibre broadband can really do, upgrade your speed to JT's 1Gb new HYPER-FAST FIBRE broadband service.

**1Gb JT FIBRE FOR BUSINESS** is the ultimate broadband plan that will future proof your business. This is one of the fastest plans in the UK so whether you need to transfer large files daily or you need a reliable connection to support multiple users, 1Gb Fibre will provide you with all the Broadband you will ever need.

Choose the right connection for your business

| Plan                        | 500Mb      | 500Mb      | 1GB        |
|-----------------------------|------------|------------|------------|
| Monthly price               | £51.98     | £89.25     | £246.75    |
| Download speed              | 500 Mbit/s | 500 Mbit/s | 1Gbit/s    |
| Average Peak download speed | 472 Mbit/s | 472 Mbit/s | 944 Mbit/s |
| Upload speed                | 50 Mbit/s  | 50 Mbit/s  | 100 Mbit/s |
| Peak time usage allowance   | 200 GB     | UNLIMITED  | 1500 GB    |
| Off Peak usage allowance    | UNLIMITED  | UNLIMITED  | UNLIMITED  |
| Contention ratio            | 10:1       | 10:1       | 10:1       |
| Fixed IP address            | Yes        | Yes        | Yes        |

# What you get with JT Fibre for Business

When you switch to JT Fibre our engineers will come to your premises and carry out all the necessary cabling and installation work required to get you up and running on JT Fibre.

As part of the free\* installation we can also provide you with a new Tilgin wireless router. This router has been extensively tested and is ideal for both small business and home use.

There are also other router options available. Our team will be on hand to discuss options with you based on your individual business needs.

\*For standard installation
