

With heritage comes
SECURITY
with agility comes
INNOVATION

Who we are

Small businesses increasingly need innovative and agile telecommunications solutions to respond effectively to changing market conditions and customer demands. With 120 years' experience in telecommunications, JT are dedicated to delivering the right products and services to meet your evolving business needs.

With technology levelling the playing field, we can help you optimise your available resources so you can grow with confidence. Our proven track record of providing communications solutions, services and support reflects our commitment and drive to ensuring they are as robust and responsive as your business.

Our ongoing success with small businesses gives us the confidence to say that you're in safe hands with us.

Understanding small business needs

We know that one size does not fit all. We understand the challenges faced by growing businesses and have the capabilities and experience to assist.

Our teams of telecommunications experts work with you to find the right response to your immediate and future needs, delivering scalable solutions and flexible support to help improve and develop your business.

Whether your business requires productivity, cost-effective and secure infrastructure, or global connectivity, we understand and anticipate what's needed to ensure your business is headed in the right direction, for the long term.

OUR VISION IS TO BECOME THE PARTNER OF CHOICE FOR GLOBAL TELECOMMUNICATIONS INNOVATION

1+ million subscribers

600+ roaming partners

11 locations

600+ global employees

2200+ business customers

WE HAVE AN INTERNATIONAL PRESENCE ACROSS EUROPE, ASIA, AUSTRALIA & THE UNITED STATES

We are your business partner

More than a supplier, we're your business partner invested in your success. With an end-to-end consultative approach, our focus is delivering real strategic value and competitive advantage.

Our partners benefit from our strong expertise across all verticals, including both private and public sector. Whether you're a trade, retail or small office, we can give you the technology to help you grow your business. With a customer-centric culture, our agile and talented sales, technical and support teams are always available to help.

Contributing to the future of communications

We invest heavily in cutting-edge innovation and work closely with our network of accredited global partners to bring you the right solutions to help your teams optimise technology for your business.

Our vision and direction is focused on being the partner of choice for global telecommunications innovation, and we are committed to keeping you and your customers at the heart of everything we do.
